

Instructions: Use this form during high school and college hosted blood drives to confirm student identity when the student donor has no other form of identification.

Students must complete section with their school name, date of the blood drive, student name (their own) and student signature. The student then reports to authorized school personnel who will complete sections; print name of authorized school personnel, title and department and school designee will sign the form. Completed forms are presented to NYBC employees at the time of donation.

Donation Number
